

Heaven's Noble Refugee

by C. John Weborg, p. 51

What does Jesus have to do with refugees?

1. What is your definition of the word refugee? Do you know anyone personally who is a refugee?
2. John Weborg states that while Jesus was a refugee in Egypt he blessed those who gave him aid by receiving. What experience do you have with being on the receiving end of care? Did you feel like a blessing to the other person?
3. Weborg asks, "What gift does the refugee bring?" How would you answer that from your own context and experience?
4. Do you agree with Weborg's perspective on Jesus and the refugee crisis today? Did anything in the column concern you?
5. In what ways can you help refugees in your community or in the larger world?
