

Choose Love?

by Diana Trautwein, p. 51

What is most important about gathering to worship?

1. In your experience attending church, have you ever been part of a church plant? Did the opening scenario of church planting surprise you?
2. Diana Trautwein says “the health of a church is not just told by numbers.” Why do we so often measure the success of a church by its attendance?
3. Trautwein shares a variety of ways she has worshiped in groups both large and small. In what ways have you gathered with fellow Christians in the past few weeks that could be described as worship?
4. How have you witnessed your church demonstrating love for one another recently?
