

When Branches Grow

By Tim Hawkinson, p. 35

Lean into something lasting, like planting trees.

1. What trees are growing near your home and what makes them special to you?
2. What did you learn from the connection between the Hebrew words for hope and rope?
3. Tim Hawkinson says, “Biblical hope is most present when opportunities to envision a positive outcome are few.” What stories from Scripture can you think of that would prove this statement to be true?
4. What metaphorical trees are you planting in this time of uncertainty that are increasing your faithfulness and hope?
